MORE OREGON MEN
FOR ARMY SERVICE

Columbia County Must furnish 112 Men in Second Draft.

Oregon's net remaining quota to be raised in the second draft is 5458 men, of which number this county must furnish 112.

In the first draft, Oregon's net quota was 717 men. Since the filling of this quota, the state has furnished in various draft calls a total of 3861 men. The announcement from Washington states that all these men will be credited against the state's gross quota on the second draft of 9,319 men, leaving a net quota still to be raised of 5,458 men.

These men will not be called out all at one time, but will be inducted into service as calls are received from Washington for draft increments of various sizes. At the rate inductions are now being made, however, it will not be long before they are all inducted into the service.

Following is the net quota still to be filled under the second draft by each county or draft district in the state:

Women between the ages of 21 and 35 who have had a high school education or its equivalent, will be eligible for admission to the Army School of Nursing, arrangements for which were recently made by the war department. It is intended to start several schools in selected military hospitals. Unless otherwise specified, applications should be sent directly to the Army School of Nursing, office of the surgeon general of the army, Washington, D. C.

Don't forget to slow up on the meat again. The reserve supply is being rapidly exhausted, and with no more food animals coming into the market at this season, we may soon be up against the meatless day once more. Mr. Hoover warns, unless we check up on our steaks and roasts. Cutdown your meat consumption at least one-third, and save the pork and the beef particularly. These can be shipped the most conveniently. Lamb, mutton, chicken and fish are the meats for good Americans.

REV. TAYLOR WRITES
OF FOREIGN WORK

Is in England but May Soon Go to France or Italy.

Prof. L. L. Baker has received the following letter from Rev. D. J. Taylor, who six weeks ago left St. Helens where he was pastor of the Congregational church, to take up Y. M. C. A. work abroad. The letter was dated May 15 and mailed in London, and states:

"Dear Prof. Baker:

"Arrived in London after a long and tedious trip. Long in time.... (blank days depleted by censor) on slow convey. Had a little bad luck and lost all our baggage except the clothing we could put on in a few seconds. However, landed without a scratch and am happy and thankful. We were landed at (blank) and came to London by train. Had a most wonderful trip across "Eighty" and see now why every Tommy loves England.

"They are taking the best care of us, and everything will be very fine I am sure.

"Although our journey was very long, we had a pleasant and profitable trip. The day was spent in some such manner as this: 7 a. m., arise; 7:30, setting up exercises; 9, breakfast; 10:30, room inspection; 10:50, French class; 11:30, European history; noon, recreation; 1:00 p. m., lunch; 3:10, principles of Y. M. C. A. work and lectures until 5, and dinner at 7. So you see we did not spend all of our time feeding the fish or searching for subs. We had entertainments practically every day and ended the day with devotional services. Our group consisted of 57 Y. M. C. A. men, and most of the fellows are billed for France, but a good number will remain in England and a few go to Italy.

"If you care to you may hand this to the St. Helens Mist, and in this way reach more of my friends, to whom I would like to write but time

and rush of business in defeating the Hun—the enemy of the world—prevents.

"Sincerely,

"D. J. TAYLOR."

The steamer on which Rev. Taylor was traveling was torpedoed off the Irish coast but no lives were lost, though the steamer was sunk.

Cholera Morbus.

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyeart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."
